Everything started with an idea in 1995...

An idea of making a difference,  
An idea of creating something special,  
Something which not everybody has,  
Something which reflects your idea

We offer you to create designs and give them a life.

In all of our products you can find your ideas,  
Your image and your own style.

Let us bring ideas alive with  
Our professional touch and  
Deep textile know-how.

TRIGON can differentiate collections
